Please ensure that both your SCCA membership and competition license have been renewed prior to the event!

SPECIAL ELIGIBILITY NOTE: Per WGI rules, no drivers are allowed under the age of 18. Any concerns regarding the emancipation of drivers/entrants under the age of 18 should be referred to the driver/entrant's legal counsel, in communications with WGI. The Glen Region SCCA is unable to assist drivers/entrants with this issue.

- B. CAR ELIGIBILITY:** Competition is open to all cars conforming to the GCR, as amended.
- C. TIMING & SCORING:** All cars are required to use fully operational MyLaps (formerly AMB) transponders, and the driver is responsible for providing correct information to Timing & Scoring. Make sure your transponder is on and functioning for ALL SESSIONS. A transponder tester may be available at Tech. Information gathered from data collection systems and/or personal timing systems is unofficial and will not be used by race officials. Cars without working transponders will not receive times. Efforts will be made to broadcast sector times during all sessions.
- D. COURSE:** All weekend events will take place on the long course (3.4 miles). Drivers are required to follow the pavement or marked course and may not gain an advantage from any off-course excursion. Any car using the escape roads at the inner loop or NASCAR straight (between turns 5 and 9) **MUST STOP** and **MUST WAIT** for the corner marshal to signal before safely re-entering the course. Watkins Glen is also equipped with several sets of flashing yellow lights. These may be used, in addition to waving yellow flags, to warn drivers of an incident on the racing surface.
- E. BLACK FLAG:** Black Flag stations on track will be the Start/Finish line and station 7B in the "sole" of the boot. Black Flag/Pit Information is located at the pit box just left of Easy Gate as you enter the pit lane (pit stall #38).
- F. SOUND CONTROL:** A maximum limit of 103 dB will be in effect for this event. Measurement is taken on the driver's left between turns 2 and 3. Sound readings will be posted in the north end of the garage when available.
- G. HARDSHIP LAPS:** Hardship laps will be available for a limited number of cars between sessions, time and schedule permitting. To request a hardship lap, please visit the Stewards of the Course (SOC/"Black Flag") located at Easy Gate / pit #38 on pit lane. Hardship lap cars should enter pit lane at Easy Gate and will be released by Pit Out. A limited number of cars will be allowed for each hardship session. Drivers should request a hardship lap from SOC at least one session prior to the hardship lap and should arrive for the hardship lap fully prepared to be released.
- H. AWARDS:** Trophies for all races will be awarded in accordance with the GCR. Trophies will be presented at the event. SCCA U.S. Majors Tour and Hoosier Racing Tire SCCA Super Tour points will be awarded in accordance with the GCR and these Supplemental Regulations.
- I. VICTORY LAPS:** Winners of all races will receive a checkered flag. For Sunday races only, following the cool down lap, the winner of each class should proceed immediately to line up behind the safety car where they will receive a checkered flag and proceed on course for a single Victory Lap, weather and schedule permitting. Drivers need not wear their helmet or gloves during the victory lap. Drivers shall maintain a safe speed and be wary of safety vehicles that may be on course. Per WGI rules, passengers are NOT permitted.
- J. PACE CAR / SAFETY CAR:** In addition to GCR 6.6.2, the field shall follow the PACE CAR / SAFETY CAR as long as its lights are flashing, even if it varies from the normal racecourse.

III. CAR SAFETY and TECH INSPECTION

- A. TECH INSPECTION:** Will be available at the north end of the garage, entering through garage bay 30. Drivers must present helmet with current helmet sticker and vehicle logbook with current annual inspection in order to receive their vehicle tech sticker. Drivers without a current helmet sticker must present **ALL** driver gear (including HANS-type device) to receive 2023 sticker. Any vehicle without a current annual inspection shall present the vehicle to tech during posted hours for an annual inspection. Express Tech for those with current helmet sticker and current annual inspection may be available at registration depending on worker availability.
- B. DECALS:** A Hoosier SCCA Super Tour decal must be displayed on both sides of all competition vehicles (a U.S. Majors Tour decal is no longer required beginning in 2023). Competition vehicles must also display the official SCCA Road Racing decal per GCR section 9.3.28.C (Figure 4). Stickers will be provided free of charge and may be obtained at registration and/or tech. **NOTE:** The official SCCA Summit Racing Equipment Road Racing decal does not serve as the Summit Racing Equipment contingency program decal.
- C. DATA ACQUISITION:** Hoosier SCCA Super Tour staff and their delegates may install data acquisition equipment in a competitor's car and/or direct the car to the chassis dynamometer onsite for any session. This program is to assist the CRB in performance balancing. If selected, participation is not optional and is not protestable. The data collected will not be used for compliance purposes. All cars carrying an SCCA data collection device must report to impound and be weighed immediately after their session. Failure to do so may result in penalties.
- D. SCALES:** Will be available at the north end of the garage during posted tech hours from Friday to Sunday. Scales may be available for other participants during race sessions but priority will be given to impounded cars following each session. Scale availability may change at the discretion of the Chief of Tech and may be based on worker availability.

NOTE: The event scales are the official scales of the weekend – regardless of what your own scales may say!

- E. SPEC MIATA COMPLIANCE:** At post-race inspection, Spec Miata participants may be instructed by the designated Class Compliance Chief (CCC) to remove parts, including but not limited to the cylinder head, for disassembly and/or inspection. Competitors are responsible for performing required disassembly and/or reassembly of their car, as well as any resulting expenses incurred. The CCC will report any findings of non-compliance to the Race Director, who will then determine the need for a Chief Steward's Action (CSA) or Request for Action (RFA).

IV. QUALIFYING/RACE

- A. GRID:** The grid will be located along Wedgewood Rd, just south of the garage. Race and qualifying sessions will begin as soon as a clear course is reported. It is the responsibility of the driver to be present on the grid for his/her session prior to the end of the preceding session. Cars arriving at grid after their group has been dispatched on track will be directed down pit lane by the grid marshals when it is safe to do so and may also be held at pit out to be released at the end of the pack.
- B. STARTING POSITIONS:** Starting positions for Qualifying 1 will be set using each driver's post mark/timestamp of their entry form. Qualifying 2 will be gridded based on fastest lap in Qualifying 1. Starting positions for the Saturday race will be determined by the fastest time recorded for each car from the preceding qualifying session(s). Starting positions for the Sunday race will be determined by the fastest time recorded for each car during any of the preceding qualifying session(s) or the fastest lap during the Saturday race.
- C. QUALIFYING:** A driver not qualifying within a maximum of 115% of the recognized track record of their class must obtain permission from the Race Director to race. In the case of unusual circumstances, the Race Director can waive this rule for the entire event.
