Stickers will be provided free of charge and may be obtained at registration and/or tech. (The official SCCA Summit Racing Equipment Road Racing decal does not serve as the Summit Racing Equipment contingency program decal.)
- B. **DATA ACQUISITION:** Hoosier SCCA Super Tour staff and their delegates may install data acquisition equipment in a competitor's car and/or direct the car to a chassis dynamometer onsite for any session. This program is to assist the CRB in performance balancing. If selected, participation is not optional and is not protestable. The data collected will not be used for compliance purposes. All cars carrying an SCCA data collection device must report to impound and be weighed immediately after their session. Failure to do so may result in penalties.
- C. **SCALES:** Scales are available at Tech. Scales and tech hours are posted on the schedule on pg. 8. There may be a wait to access the scales when post-race impounds are in progress. Please plan accordingly.
- D. **SPEC MIATA & SMX COMPLIANCE:** At post-race inspection, Spec Miata and SMX participants may be instructed by the designated Class Compliance Chief (CCC) to remove parts, including but not limited to the cylinder head, for disassembly and/or inspection. Competitors are responsible for performing the required disassembly and/or reassembly of their car, as well as any resulting expenses incurred. The CCC will report any findings of non-compliance to the Race Director, who will then determine the need for a Chief Steward's Action (CSA) or Request for Action (RFA).

E. SMX TIRE MARKING: Cars in SMX are limited to running 1 (one) new (sticker) set of class-specified Toyo tires (Toyo RR P235/40/ZR17) per regular season Hoosier Super Tour event weekend during qualifying and races (not including any test day sessions). A mandatory impound for all SMX competitors is required after the first dry qualifying or race (if rain in qualifying) session. It is the competitor's responsibility to ensure their tires are marked prior to going on track for the next session. Before the first dry qualifying or race (if rain in qualifying) session competitors will mount four Toyo RR P235/40/ZR17 tires for marking to use during the entire weekend. Class-specified rain tires will not be marked. If a competitor damages a tire or wheel, and there is a safety concern, the competitor must find the Hoosier Super Tour Series Tech Chief or SMX CCC, if assigned, for inspection. At the direction of the Hoosier Super Tour Series Tech Chief or SMX CCC, the competitor will be allowed to substitute alternate used tire(s) to replace the damaged tire(s). New tires are not an option as a replacement tire for a damaged tire.

Starting positions for the Saturday race will be determined by the fastest time recorded for each car from the preceding qualifying session.
