Chief of Course	Dean Thornburg		

Download the 2016 SCCA® National Solo® Rules from here.

1. Program specific supplemental regulations are posted at the Lincoln Driver's Center
2. The Tire Rack® is the title sponsor for all 2016 SCCA® National Solo® events. Participants in these events are required to run the title sponsor decal, which is a windshield decal that is to be used at the top of the windshield. Vehicles without windshields or with plastic windshields may place the decal on the front of the car in a highly visible location approved by the Chief of Compliance. Decals other than the official Tire Rack® decal, except those required by National Tour Staff, are prohibited on the windshield.
3. Additional event decals required are one SCCA® w/wheel (on the front) and 2 National Tour decals (one on each side).
4. Competitors at the start line with the wrong number on their car, 2 sets of numbers, or the incorrect class showing may be disqualified for that run.
5. One bar code must be visible per helmet. If multiple drivers are sharing a helmet, all non-relevant bar codes (except the one belonging to the driver at the stage lane) must be covered. FAILURE TO COVER EXTRA BAR CODES MAY RESULT IN DISQUALIFICATION OF THAT RUN.
A driver at the scanner or the start line without the appropriate helmet decal (Solo 2016) will be directed away from the start and lose the run.
6. Trophy presentation will be held on Sunday after the last runs. Competitors must be present to accept their trophy or have a designee accept it for them. Trophies will NOT be mailed.
7. Changing tire brands for any reason will affect contingency eligibility.
8. **NO CLASS CHANGES AFTER 7:00 PM FRIDAY NIGHT** (unless approved by Chief Steward)
9. Preliminary Results posted in the Lincoln drivers center after completion of all runs for the heat. Results will be final 30 minutes after preliminary results are posted.
10. Worker check in at the Lincoln Drivers Center starting 3rd runs of the previous heat, your work assignment may have changed within your heat due to cancellations or class changes.
11. It is your responsibility to know when your car should be in grid, and when you should report for your work assignment
12. Impound is in grid – it's your responsibility to know if your vehicle is weighed
13. Check final results to make sure the manufacture is correct for your car and tire brand.
14. Sound requirements strictly enforced
15. **All class changes must be approved by the Chief Steward or their designee**

Guidelines for Chief Stewards and Protest Committee for Reviewing Videos

A provisional rerun may be granted, if needed to allow time to review the video(s). Provisional reruns should be granted as soon as possible to preserve course conditions and competitors are not permitted to make changes to their vehicle other than tire pressure or adding fuel. Competitor should not be given an unfair advantage by a delay.

Competitor should have done the following before presenting video(s):

1. Reviewed the video(s).
2. Verify that the run number can be determined and that the proof of error is clear
3. Obtain other video(s) from other cars or spectators which show the evidence.

Secure a copy of video(s) to be used in case of an appeal. If competitor decides to appeal the decision, the National Appeal Committee will need to see the video(s). Give a copy to an SCCA staff member. See 8.3.8 of Solo rules (Preservation of Evidence). If no staff member is present at the site, send a copy to the National Solo Office.

Video evidence must be incontrovertible.

Event Officials will handle video evidence with care and make every effort to return them in a timely manner, but cannot guarantee their safe return. Competitors should make a copy of original video evidence before submitting. Video evidence must be submitted in a standard format which can be viewed on a laptop computer.

FM radio frequency will be posted. Ustream.com (look for SCCA Solo); and sololive.scca.com (216.58.239.33)
