DEBTRACK #2

We got a Track! - See picture
- starting spaces are
  - 3.5 inches wide
  - 8 inches long

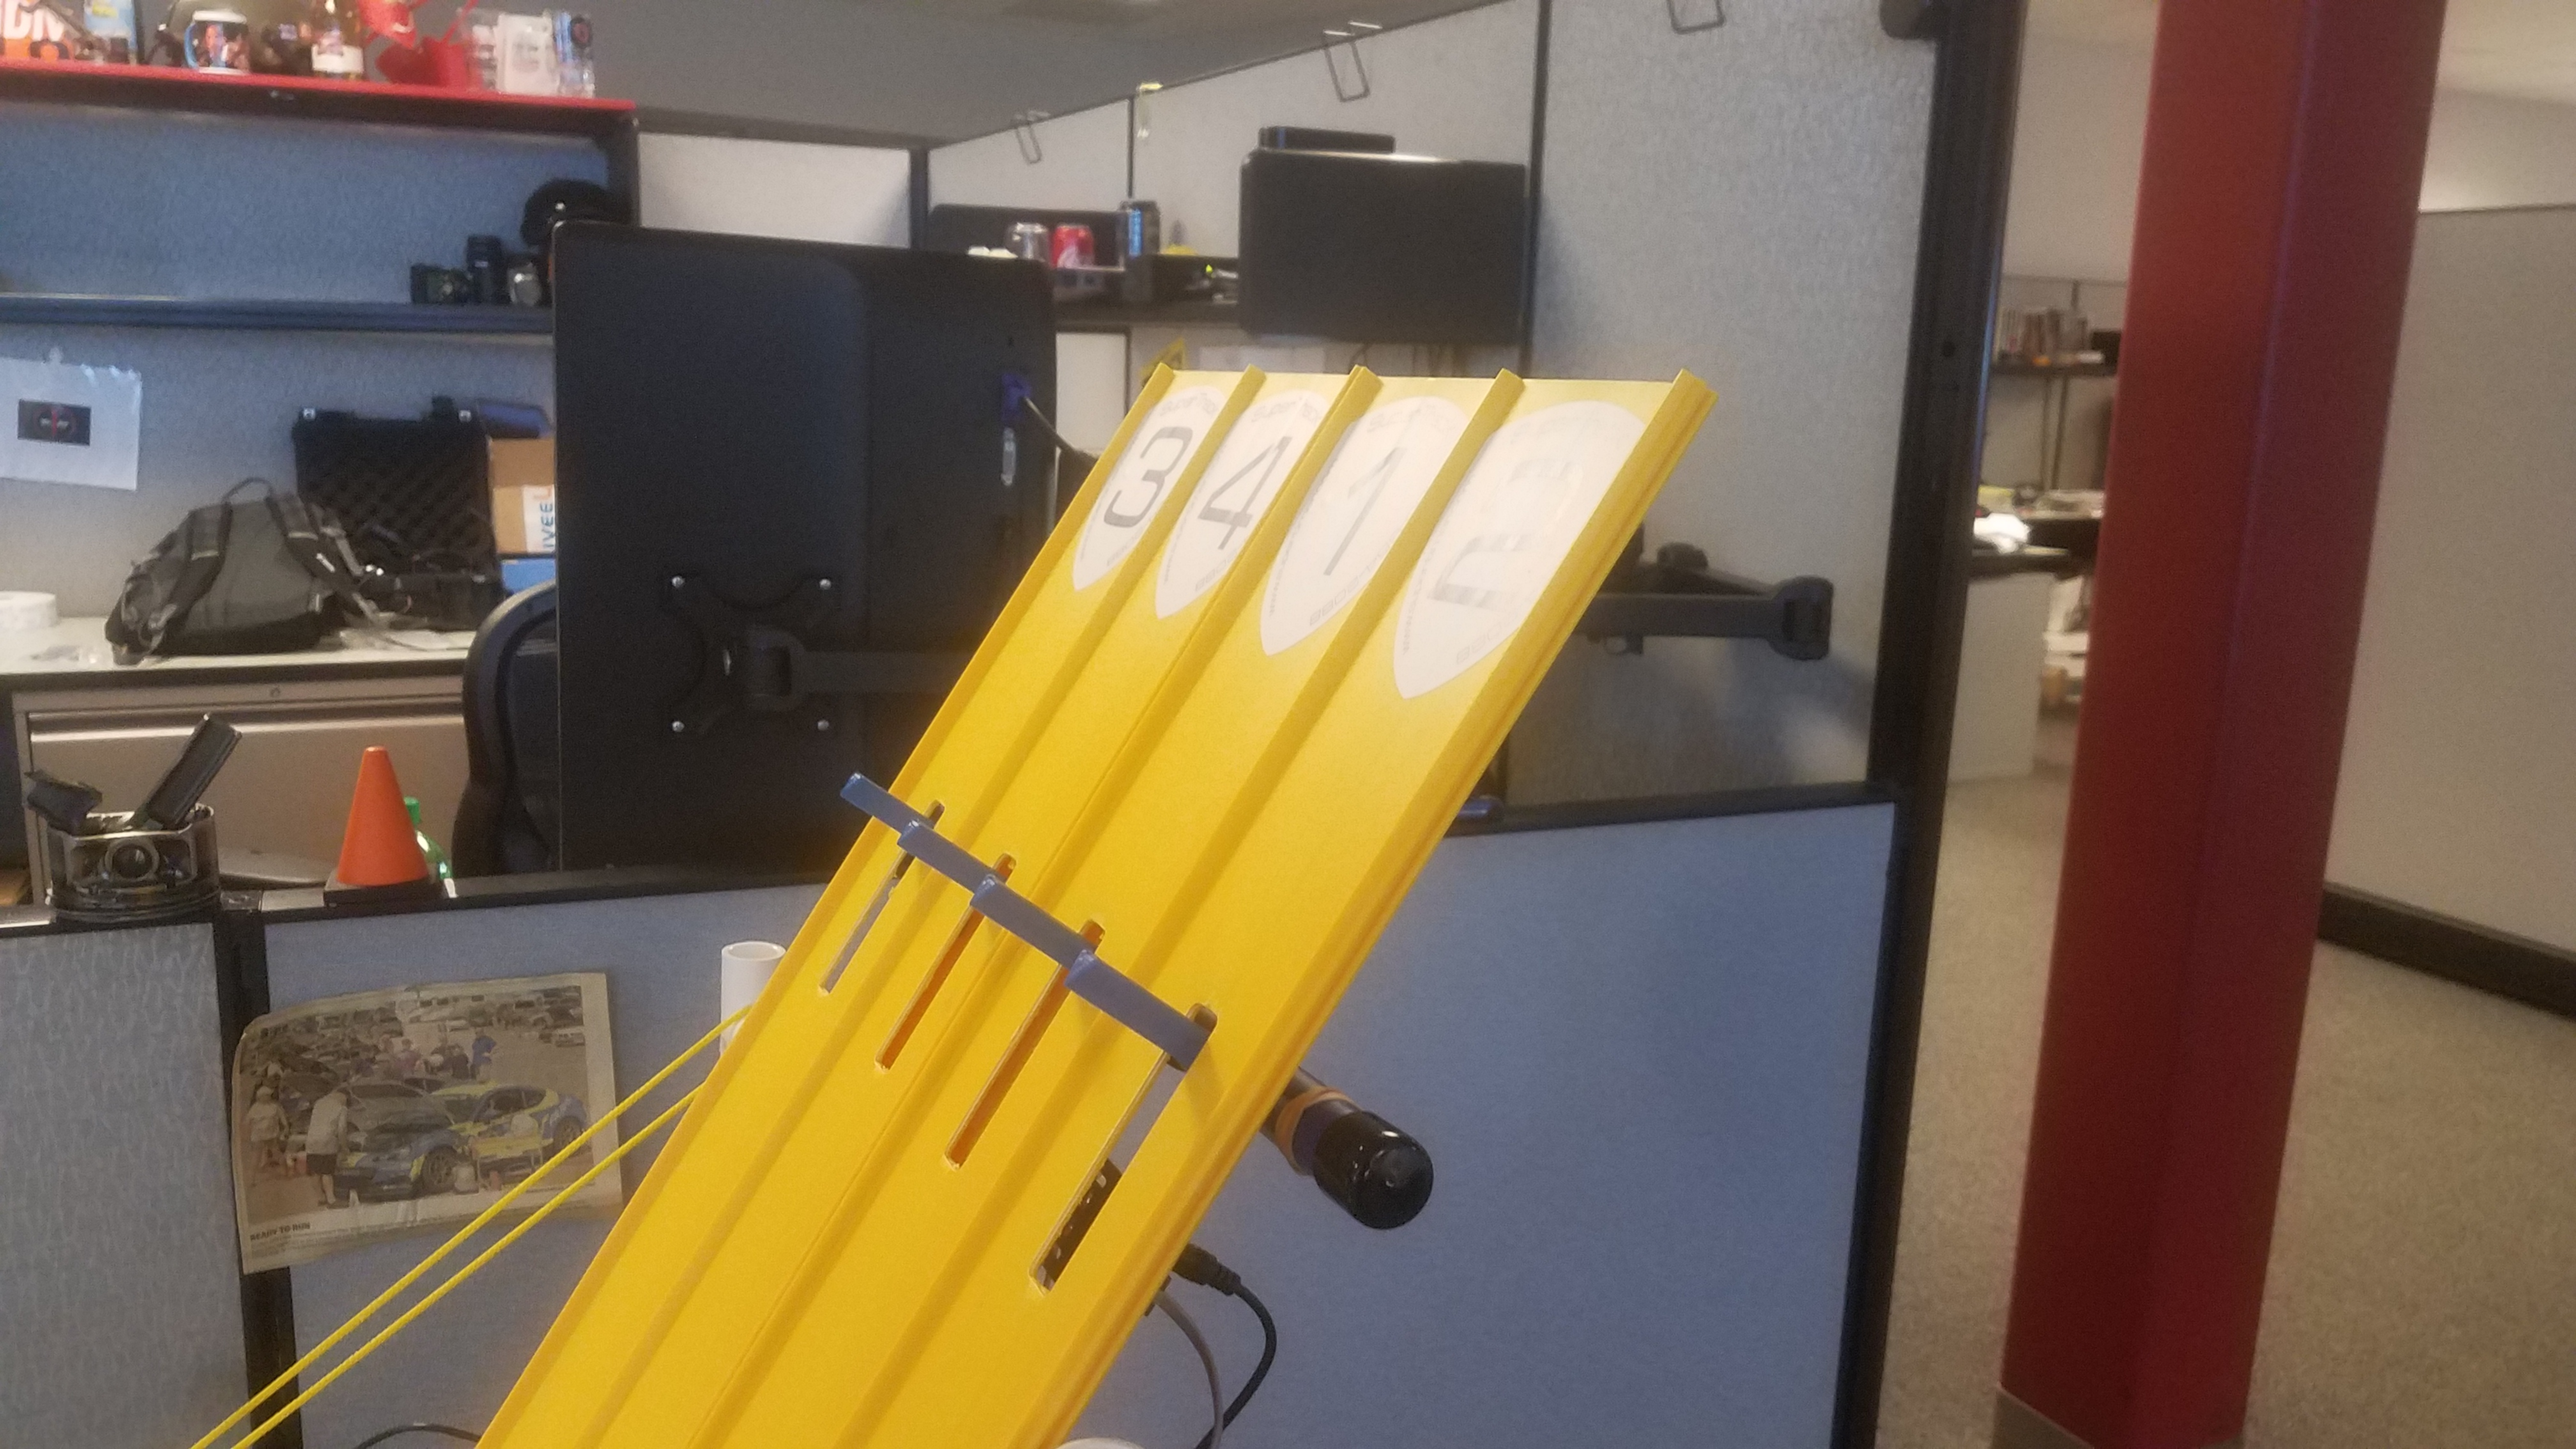

TSA Bulletin.

Some spec BSA cars have bee reported to not pass a TSA gate check and the owners were forced to check their cars. ~~the DEB has agreed~~ The nails used as axles is what the TSA agents had issue with. →

DeBTrack #2

The DEB has agreed that any Unlimited car ~~that~~ fails a TSA gate check because of the axles being nails, will still be qualified to compete in ~~the~~ Unlimited class
