- E. PADDOCK/PARKING INFORMATION:** We will be using the Tower Paddock located on the outside of the front straightaway. **The Main Paddock located on the inside of the front straightaway will be used for overflow paddock. Racecars parked in the Main Paddock will be required to drive over to the Tower Paddock to gain access to Grid, Pit Lane, and Tech.** We ask that you work with us to accommodate most of your wishes regarding paddock parking. To that end, paddock parking personnel will assign, and direct parking based on the size of your vehicles per instructions from the Paddock Chief using the following guidelines:

- Single car set-ups will get a spot twenty (20) feet wide that is long enough to accommodate the tow vehicle and trailer if possible. All awnings and support equipment must fit within those confines. This allows the maximum amount of parking in desired areas.
- Multiple car teams and/or participants providing services to the Atlanta Region will be located to maximize their efficiency.
- Since paddock spots with power are very limited, the first priority is to provide electrical hook-ups to the maximum number of competitors.
- We request that open trailers not actively involved in support of a race vehicle be removed from the main paddock areas.

- e. Spectator and crew parking is limited in the paddock areas. Ride sharing and race team cooperation are appreciated. Personal vehicles not involved in rig loading or trailer activities must remain outside of the paddock until Load-In is complete.
 - f. If you have special requests, please let the Paddock Chief know prior to arriving so he can make appropriate arrangements. Odie O'Dell 404-375-8515 or email arsccapaddockchief@gmail.com
 - g. For safety reasons the county Fire Marshal requires that access lanes be kept open. Vehicles parked in no-parking areas will be towed without warning.
 - h. **We will be offering an optional Early Load-In on Wednesday starting at 12 PM (noon) for a charge of \$50/racecar. If you wish to participate, there is a separate registration link on MSR. Normal paddock load-in will begin at 8 PM Wednesday evening. SCCA registration will be open from 11 AM until 7 PM, however Load in for those not signing up for Early Load-In will not be allowed until 8 PM. All racecar load-in will STOP at 10 PM until registration opens again at 7 AM on Thursday.**
- F. PREFERRED NUMBERS:** Every effort will be made to honor Conference Reserved Numbers until 14 days prior to the event. In-Conference reserved numbers will be given priority over out-of-conference reserved numbers. Secondary preference will be given to 2023 SEDiv reserved number holders. Fourteen (14) days prior to the event, all unused reserved numbers will be released on a first-come, first-served basis. Due to the make-up of the run groups, honoring reserved numbers may not be possible in all situations. If two drivers with equal priority hold the same Preferred Number for the same run group, the number will be assigned to the driver with the earliest request.
- G. PRE-RACE TECH:** Technical inspection, to issue Event Tech stickers, will be at the Tech Shed located in the Tower Paddock. Bring your vehicle logbook and the Tech card that you receive at Registration to Pre-Race Technical Inspection. It is the driver's responsibility to ensure that his gear is compliant with the GCR. Tech will inspect gear and issue 2023 helmet stickers upon request. Note that per GCR 9.3.19, all driver's gear must be inspected to receive a 2023 helmet sticker. Vehicle inspections (e.g. annual inspection, sign off on logbook notations) will be available by appointment and/or signup and may be performed in the entrant's paddock.
