

Technical Bulletin

From the SCCA RoadRally Board

Date: February 20, 2023

The RoadRally Board (RRB) has been advised that the revised membership requirements in Appendix A of the 2023 RoadRally Rules may not be sufficiently clear. Below are the membership requirements by event type for 2023 and beyond:

- National - Both participants must be Full or Weekend members. No passengers are allowed.
- Divisional - One participant must be a Full or Weekend member. The other participant and any passengers must submit a Trial member form.
- Regional - One participant must be a Full or Weekend member. The other participant and any passengers must submit a Trial member form.
- Social - One participant must be a Full or Weekend member. The other participant and any passengers must submit a Trial member form.
- Trek - One participant must be a Full or Weekend member. Any other participant or passengers must submit a Trial member form.
- Charity - No participants are required to be Full or Weekend members. All participants and any passengers must submit a Trial member form.
- Trial Memberships are intended for one-time use by an individual. Membership information, including the benefits of joining the SCCA, can be found [here](#).

The RRB is disseminating this clarification to the entire SCCA RoadRally community and asking that Divisional Stewards, Regional Chairs, Event Committees and competitors comply

with the revised membership requirements. Should anyone need further information about this, please e-mail both the RRB and the National Events Committee (NEC) at RRB@scca.com and NEC@scca.com.
