SCCA

NATIONAL CHAMPIONSHIP

SEPTEMBER 10-13 • TOPEKA, KS

Largest U.S. Sportscar Championship

OFFICIAL RESULTS

SCCA®

October 7, 1996

Dear National Solo II Participants:

We would like to take this opportunity to express our sincere thanks to you for attending the 1996 SCCA Tire Rack Solo II National Championship and making it the most successful event ever.

The event was such a success because everyone pitched in and did their best. However, there are some competitors who deserve an extra thank you for all their hard work during the event, specifically Colan Arnold, Chairman; Lindsay Wilson, Assistant Chairman; and all the Chiefs. Please let these folks know how much you appreciate their contribution to our sport as you see them over the coming months.

And last but not least are the people of Topeka, including local businesses, city and government agencies, as well as the Kansas Region. Their involvement is an integral part of the success of this event. Please take time to send a note of appreciation to our hosts.

We hope you enjoyed this event and will continue to be a part of the Solo II scene in 1997. We especially hope to see you at next year's 25th anniversary. You can count on an exciting time.

Sincerely,

Tasha Goodale

Our tires could help

Believe it or not, there are couples in America who pay absolutely no attention to the brands of tires on each other's cars. (And we wonder why the divorce rate is so high.) If only they could be more like Bob and Patty Tunnell. The Tunnells race exclusively on BFGoodrich® T/A® tires, which last year took 141 of 180 SCCA Pro Solo$_2$ victories. Which over the past five years have won more Pro Solo titles than all other street

BFGoodrich® Tires
T/A® Tires

your marriage.

[illegible] used. So instead of good times and bad times, the Tunnells share only [illegible] times, often the very FASTEST times in their class. BFGoodrich T/A [illegible] because, hey, after all, love and devotion will only take you so far.

BFGoodrich® T/A® Tires:
WHEN YOU'RE READY TO GET SERIOUS™

1996 Tire Rack SCCA Solo II Nationals

Protest Summary

18/118 CS, Brian Kinser and Rad Vach, 84 CSL Bev Vach, protested by CS, 99, Michael Butler for violation of Sections 13.1, 13.4, 13.5, 13.9, 13.10, of the 1996 Solo I & II Rulebook, Modification of engine components, clutch assembly, injection, spring perch height, wheel width and offset, suspension bushings. The Protest Committee found all items listed in the protest to be in compliance. ***Protest Disallowed. Protest Fee and Bond forfeited.***

CSP 139, Chris Cox, protested by Chief of Course, John Spragg for violation of 1.4.M, of the 1996 Solo I & II Rulebook, unsportsmanlike conduct. Competitor was warned of unsafe driving from grid to start line. ***Protest Disallowed.***

EP 32/132, Mark Steward and Craig Snyder, 1984 Audi Quattro, protested by EP 26, Paul Krysiak, 1985 Honda Civic, for violation of 15.2.U of the 1996 Solo I & II Rulebook, underweight. The Protest Committee ruled that Appendix A states that no car is required to weigh over 2300 pounds and weight penalties cannot be added to this maximum. ***Protest Disallowed. Protest Fee Forfeited.***

Timing and Scoring protested by AM, 32, James Cox, incorrect posting of DNF against competitor. ***Protest Withdrawn. Fee Returned.***

DM 99, Chris O'Donnell, protested by Chief of Course, John Spragg for violation of 6.11 of the 1996 Solo I & II Rulebook, preheating of tires, spinning rear tires from grid position to start line before first run on Friday. ***Protest Upheld. Competitor penalized loss of first run. The Protest Committee places Mr. O'Donnell on Probation through 1997. Any further violation shall result in the Disqualification from specific event.***

APPEALS SUMMARY

The National Solo Appeals Committee met by conference call on October 7th, 1996. Attending were Solo Events Board members Kathy Barnes, Bruce Domeck, G.H. Sharp, and Karen Babb, and the other members of the Appeals Committee: Dan Cadenhead, Bill Goodale, Chuck Sample, and Chris O'Donnell. Also in attendance was SCCA Rally/Solo General Manager Howard Duncan. The following decisions were reached during this meeting:

71BP and 71 BPL Terry and Shelly Nicholl protested by 133/33 BP, Ken Yeo and Rick Brown for violation of Section 15.12 of the 1996 Solo I & II Rles: open cars in Prepared Category must compete with roll bars. The Protest Committee ruled

that the 1990 Corvette is a closed car as defined by Section 12.6.A & B. Protest Disallowed.

Decision of Protest Committee appealed by BP 133, Ken Yeo and BP 33, Rick Brown (Chevrolet Corvette) in the protest filed against BP 71, Terry Nicoll and BPL 71 Shelly Nicoll (Chevrolet Corvette) for violation of Solo II Prepared Category Rules Section 15 regarding structural modifications, specifically pertaining to a removable roof panel: The Protest Committee decision was to disallow the protest. The Appeal Committee determined that no additional information was offered to indicate that the appeal was well-founded, and decided that it should not be heard (as per Section 10.5 of the Solo II Rules). *Protest and Appeal fees retained by SCCA.*

71 BP and 71 BPL Terry and Shelly Nicholl protested by 33 BP Rick Brown for violation of Section 15 and clarifications to the 1996 Solo I & II Rules specifically non-stock fuel injection requirement of weight penalty per page 242 clarification. Protest Committee ruled that Section 15.A Intent stated Prepared Category Rules were rewritten to eliminate need for GTCS. Protest disallowed.

Decision of Protest Committee appealed by BP 133, Ken Yeo and BP 33, Rick Brown (Chevrolet Corvette) in the protest filed by BP 33 and 133 against BP 71, Terry Nicoll and BPL 71, Shelly Nicoll (Chevrolet Corvette) for violation of Solo II Prepared Category Rules Section 15 regarding fuel injection and weight penalties (15.10): The Protest Committee decision was to disallow the protest. The Appeal Committee discussed the issues at length, and provided protestor and protestee with opportunities to offer additional inputs. The protested competitor had obtained a verbal opinion from the National Office regarding the requirement for an increased minimum weight in the presence of non-stock fuel injection, but had not acquired a written determination from the S.E.B. The appellant argued that the rules have historically imposed a weight penalty for non-stock fuel injection (per the GTCS) and no change from that was intended to be inherent in the current Section 15, that the Prepared rules specifically reference Appendix G as a source of clarifications, and intent of Section 15 as stated is to discourage the use of high-technology/high-cost equipment.

Taken as a whole, the contents of Solo II Rules Sections 15.10.C, 15.0.A, and other applicable subsections are not felt to be logically readable to imply that an aftermarket or modified stock fuel injection system may be used without a weight penalty. In the past, this penalty was drawn from the GTCS as specified by a now-out-of-date clarification which appears on page 242 in Appendix G. Under the current rules, this weight penalty is 10%. As per 15.10.C.3.b, the only exceptions to this requirement are cars for which (1) a specific brand and model of non-stock fuel injection system is listed in Appendix A, or (b) the only induction specified in Appendix A is fuel injection (i.e., no carburetor specification is provided). The consensus of the Appeals Committee was to overturn the decision of the Protest Committee based upon the reasoning presented in the appeal, the content of the Solo II Rules in their entirety, and the fact that a verbal opinion from a Staff member does not constitute a valid approval

of a configuration. The protested competitor and co-driver are thus disqualified for being below the required minimum weight. *Protest and Appeals fees returned to Mr. Brown and Mr. Yeo.*

33/133 BP and 33 BPL, Rick Brown, Ken Yeo, and Patty Yeo, protested by 71 BP, Terry Nicholl for violation of Section 15.A.1 of the 1996 Solo I & II Rules for removal of frame structure. The Protest Committee found that the welded in structure of T-tops and door frames was removed beyond the intent of the rules. Also per section 12.6.A & B the car is not an open car. The vehicle should carry a 10% weight penalty as per section 15.11.B. The vehicle was underweight. Protest upheld. Competitors disqualified.

Decision of Protest Committee appealed by BP 133 and 33, Ken Yeo and Rick Brown (Chevrolet Corvette) in the protest filed by BP 71, Terry Nicoll (Chevrolet Corvette) against BP 33 and 133 for violation of Solo II Prepared Category Rules Section 15 regarding structural modifications (15.2): The Protest Committee decision was to uphold the protest, with a penalty of disqualification. The Appeals Committee members had inspected the subject car at the event, and it was determined to hear this appeal. The protestor and protestee were given opportunities to offer additional comments.

The issue in question was whether the T-top support members may be removed from a Corvette coupe per the Prepared Category rules. The appellants maintained that the missing items are covered by the term "bodywork" in Section 15.2, are functionally replaced by the roll structure members which are in somewhat the same location, and are not sufficiently heavy or structural in nature to constitute a performance advantage by their presence or absence. The Appeals Committee determined that while the T-top panels could be legally removed or substituted, the framework supporting them may not; thus the car is not legal. Neither the GTCS (which formerly provided many of the Prepared category's rules) nor the current Solo II Prepared rules contains an allowance to remove such items. The consensus was therefore that there were insufficient grounds to overturn the decision of the Protest Committee or revise its penalty of disqualification. *Protest fee shall be returned to Mr. Nichol. Appeal fee shall be retained by SCCA.*
