# *"GEEZ makes me think differently about my driving. And that's had a direct impact on my results."*

**--David Fauth**
**G-Stock National Champion**
**2 years running**

Peter Raymond shows what it took to win his 2nd consecutive B Stock National Championship.

Fifteen National Champions used GEEZ to aid them in their quest to be the best this year. It's gratifying to see the familiar names, like Daddio and Kozlak using GEEZ to continually hone their skills. ✹ But we are even more impressed by the first time Champions. Ron Ver Mulm has been studying his GEEZ runs for three years, and it paid off handsomely with his first ever Championship in a tough CP field. As a new GEEZ customer last year, Michelle Seelig won her first National trophy. This year she upped the ante by taking home her first CSL National Championship. Same story for Jonathon Roberts, 2nd last year, and locking in the CS title this year. ✹ Of course, some folks just aren't that patient...Tom Harrington bought GEEZ in May, studied and learned, and won a convincing victory in F125 just a couple of months later. And Vic Sias called in August to tell us how much he had learned from GEEZ in his first two events using it, but now we're calling Vic to congratulate him on his first championship ever in BSP. Same story for Tom Ellam in CSP. And the list goes on...

GEEZ user Heather Shehan on her way to her first National Championship, a convincing win in FSL.

GEEZ provides the tools to let you wrap your brain around your performance. At $395, hardware and software included, it's less than a set of tires, less than shocks, less than about any of the critical stuff you do to improve your car.

*And isn't it worth a little more to improve...you?*

SCCA®

September 2001

Dear National Solo Participants,

The National Staff and Solo Field Staff would like to take this opportunity to extend our heartfelt gratitude for all of your efforts in making the 2001 Tire Rack SCCA Solo II National Championship such a success. Through all the hard ships the week brought each and every one of us in one way or another we all preservered and succeeded in doing what we came to Topeka to do, compete at the Nationals.

Thanks to Sandi Brown Wood, Chairman and the Event Chiefs for taking full responsibility for their duties. Also, the list would be too long to name each individual who volunteered to work 3-4 heats or all day for that matter, but please note that your unselfishness and willingness to help did not go unnoticed. And because of you we were able to pull off a miracle.

Some of the behind the scenes people that we want to thank are the people of Topeka, specifically David Stremming from the Metropolitan Topeka Airport Authority, Richard Forester, from the Topeka Convention and Visitor's Bureau, and Col. Loren Pearson of the Kansas Region.

Last, but not least, are the national event sponsors, beginning with Matt Edmonds of the Tire Rack.

Please take a few moments over the coming weeks and send along an expression of your gratitude to all the folks above for all their contributions to this event and our sport. Without them this event would have been possible.

We are proud to be a part of the SCCA family and look forwarding to seeing you at the National Solo 2002 events.

Thank you,

Tasha Goodale
Director Solo and RoadRally

SCCA®

September 18, 2001

To My friends:

Through adversity the solo community excels. When our nation suffered a tragedy and our leaders asked the country not to let them win, we did just that. It was with heavy hearts that the 2001 Nationals did continue and all those left at the event did more than their share of work. It never ceases to amaze me how a group of individuals, who enjoy the same sport, have so much strength and good will. Working together to accomplish the same goal seems to make the solo family stronger.

My sincere appreciation to all the Chiefs of Specialties, that had a difficult job to start with, who made sure that every soloist had the national event they came for. Just to watch the 600 plus competitors compete and work together was heart warming. I am truly proud to be a part of the sport that handles adversity with such skill and strength. My continued thanks to all those who worked all day to finish 9 heats in record breaking time.

Event Chairman
Sandi Brown/Wood

RE: Sportsmanship Award

Dear SCCA Family,

At Wednesday night's banquet, needless-to-say, I was in absolute shock when my name was announced as the recipient of the Sportsmanship Award for this year's event. Because of the tragedy that had just recently taken place, all of our emotions were on the edge, and I could not have expressed to the SCCA members my true feelings or appreciation of this very prestigious award without breaking down. But at the same time, I wanted to express my deepest sincere thanks and appreciation to my SCCA family for honoring me with this remarkable award.

Over the years, I have been very fortunate and honored to have received numerous awards, but none that were more important or more meaningful to me than the sportsmanship award presented to me by my SCCA family. Due to the cowardly act of a few, all of our lives, in one way or another, may be changed forever. Our paths may or may not ever cross again, but one of the things that I can hold onto is that in knowing that no matter where I travel throughout this country in the future, I am now truly a part of a family that has more than 60,000 family members, and that is the true award that you have bestowed upon me.

Once again, my deepest and sincere appreciation and thanks to my SCCA family for presenting me with this very great honor.

Sincerely,

David A. Stremming

# PROTEST/APPEAL SUMMARY

Mark Chiles/Jeff Jacobs, ES 148/48, protesting Robert Carpenter, ES 99.

Protested items: violation of 12.4, 13.0, 13.1 of the Solo II Rules, specifically for a non-standard PGM-FI-ECU, engine compression out of spec, intake/exhaust cams out of spec, non-standard pistons, configuration to increase compression, 13.10. B engine bored exceeds first standard overbore with incorrect pistons, cylinder head matching exceeds service limit, cylinder block deck height below service limit, 13.10. D ports matched (not allowed), additional material added to compustion chamber roof (cylinder head) to increase compression, intake/exhaust valves wrong size and have performance enhancing multi angle valve job (only 3 angle allowed), engine timing out of range, valve timing out of spec (timing belt used to increase/retard timing), gutted cat. conv. (not allowed).

Findings of Protest Committee: Catalytic converter, ecu, cam timing, ignition timing, intake valves, exhaust valves, and pistons, all examined and measured and found in compliance. Balance of protest withdrawn. Protest Fee retained by the Protest Committee. Bond amount of $664 plus head gasket set to be paid by protestor and forfeited to protestee.

Protest Disallowed.
