ONLY YOU CAN PREVENT CONE DAMAGE!

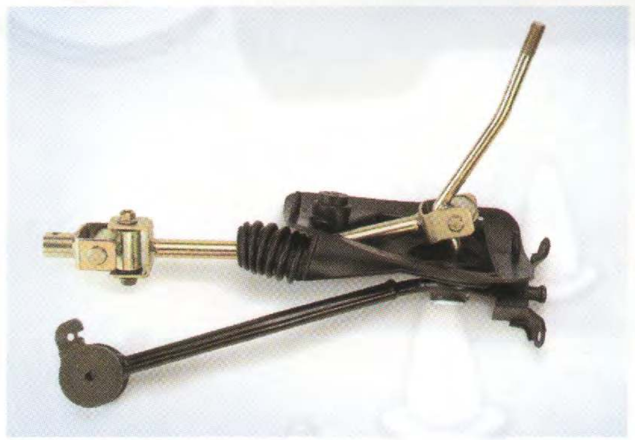

Every weekend, hundreds of cones are scarred and even destroyed by ill-handling cars. This needless destruction of our nation's dwindling supply of traffic cones must stop.

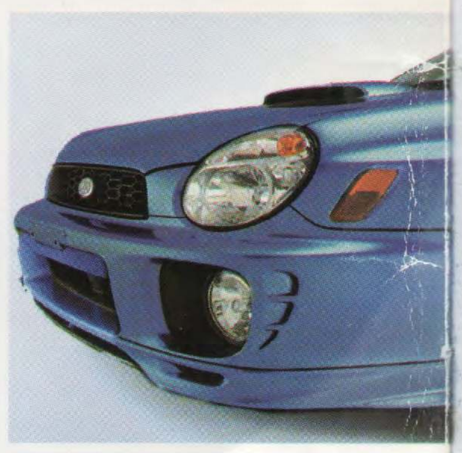

PLEASE TEST-DRIVE A SUBARU WRX® NOW!

With turbo power, All-Wheel Drive grip and tons of performance accessories, it's not hard to see why the Subaru WRX® is the official car of the SCCA ProSolo series. Not to mention a favorite of cones everywhere.

September 2002

Dear National Solo Participants,

I would like to take this opportunity on behalf of the National Staff and Solo Field Staff to thank you for making the 2002 Tire Rack SCCA Solo 2 National Championship and 30th celebration a great success. Due to all the hard work of every participant we were able to have yet another successful National Championship event.

Thanks to Sandi Brown Wood, Chairman, Event Chiefs and Specialty Workers for taking full responsibility for their duties and working endless hours. Your dedication to the sport showed in all your efforts to make this the best Nationals ever. The list would be too long to name each individual but please note that your unselfishness and willingness to help did not go unnoticed.

Also, some of the behind the scenes people we want to thank are the people of Topeka, specifically David Stremming from the MTAA, Richard Forester, from the Topeka Convention and Visitor's Bureau, Col. Loren Pearson, and the Kansas Region.

Last, but not least, are the national event sponsors, beginning with Matt Edmonds of the Tire Rack.

Please take a few moments over the coming weeks and send along an expression of your gratitude to all the people above for all their contributions to this event and our sport. Without them this event would not be possible.

Again, thank you for being a part of the 30th celebration and a part of the SCCA family. I look forward to seeing you at the National Solo 2003 events.

Thank you,

Tasha Goodale
Director Solo and RoadRally

SCCA®

September 2002

It was my pleasure to chair the 2002 Solo II Nationals this year. To see so many folks working together to accomplish a single goal gives me great joy. Special thanks go out to Doug and Dana Gill for providing us with the opening ceremonies on Tues morning, to the Topeka Chapter of the Antique Automobile Club of America for joining us again this year to carry the flag, and to David Stremming for arranging the Color Guard and fly by. It was a beautiful tribute to our nation and our patriotism.

Your co-operation using the new Paddock check in worked like a charm. I was able to locate anyone I needed just by stopping by Phil's trailer. And I was so pleased to see information able to provide our competitors with any pertinent information needed, because of the marvelous course communication, thank you to Ron Babb and his staff. One of the largest jobs that need to be handled at the very last minute is worker assignments, Karen Christoff and Kim Bollinger did a terrific job of seeing that all our bases were covered and all our ducks were in a row. On Friday evening while presenting the chiefs I forgot to mention our Chief of Safety Glen Duensing and his staff of safety folks, Mitchell Wagner and Matthew Braun, both chief of course, and Sam Strano for putting together the tech workers. I could go on forever thanking everyone who made this event a success but I am only allowed one page, so know that you all have my sincere thanks.

Thank you so much for your continued support of the Solo 2 National Series and just plain having fun. I look forward to serving as Event Chairman in 2003

Sandi Brown/Wood

PS: If you are interested in ordering a Championship ring, for past or present champions and ProSolo class champions, please email me at

Hoosier
Goodyear
Kumho

For over 15 years Mid-Atlantic Motorsport has been the Solo source for Hoosier Racing Tires. We also supply Goodyear, Kumho and a wide range of racing parts, including racing wheels, geared to the specific needs of Solo competitors.

In addition, we provide support and tire service ranging from most CENDIV events, NEDIV AND CENDIV Divisional Championships, National Tours, Pro Solos and the Solo II Nationals and ProSolo Finale in Topeka.

We are proud of the fact that many of the sports top competitors and National Champions throughout both Canada and the U.S. choose Mid-Atlantic Motorsport as the source for their race car needs.

We invite you to do the same... Thanks for choosing Mid-Atlantic!

2002 TIRE RACK SCCA SOLO II NATIONAL CHAMPIONSHIP
PROTEST/APPEAL SUMMARIES

Marchell Fletcher, BSL 99 protesting Julieann Porkorny BSL 93.

Protested items: decision of timing and scoring, violation of 8.3.8.C. of the Solo II Rules, specifically run #2, North Course had more than one cone in the finish. A spectator picked cones up and they weren't called into timing. This was her fastest run and therefore makes a difference in scoring.

Finding of Protest Committee: Protest Committee cannot change official logs and results of event. Protest Disallowed. Protest fee returned.

Tim Aro/Rod McGeorge, CS 86/186 protesting loss of third runs due arriving too late for grid.

Protested items: A first offense precedent had been set regarding late for grid when Mark Madarash was given a "warning" with no removal of competition runs. This precedent makes removal of competitor runs as inconsistent. Also, no penalty for the 30-minute rule is in the supps. Furthermore, the grid workers made no mention of penalties during competition.

Findings of Protest Committee: Decision of Chief Steward reversed, thirds runs to be reinstated. Reprimand issued to drivers. Protest upheld. Protest fee returned.

Rick Cone, GS 98 protesting Brian Priebe, Mike Eckert, Katie Elder, GS 17/117 GSL 17.

Protested items: violation of 13.1 of the Solo II Rules, specifically for valve clearance not within factory specified variances; valve adjustment/clearance hardware is not factory specified material, thickness and shape; cylinder head thickness less than factory specified dimensions. Violation of 13.10.L of the Solo II Rules, specifically the final drive and transmission ratios not as factory specified; clutch flywheel, pressure plate not of factory type, dimension and/or specification. Violation of 13.10.1 of the Solo II rules, specifically the differential modified to effect a limited slip function by non-factory specified shims, factory shims adjusted beyond factory specifications, differential replacement of a helical (Torsen), viscous, or clutch type.

Findings of Protest Committee: Vehicle measured for valve clearances and inspected for other valve components. No problems found. Balance of protest items withdrawn. Protest Disallowed. Protest fee retained. Bond of $60 paid and turned over to protestee.

Guy Ankeny, BSP 147 protesting Bill Buetow/L.J. Moffet, BSP 89/189.

Protested items: violation of 13.5.A.B.G. of the Solo II Rules, specifically that the rear shocks are not attached to the original mounting points. The original parts have been replaced, removed, with non-original equipment. System of attachment and attachment points have been altered (13.5.A). The whole shock mount has been removed/replaced.

Findings of Protest Committee: The "mounting bracket" is integral to the shock on the FX3 car, therefore the mounting method is the two bolts in the bracket, not the center bolt. Car is legal. Protest disallowed. Protest fee returned.

Guy Ankeny appealed the Protest Committee decision for section 13.5.A. & B, 14.C weren't interpreted correctly. Mounting points for the shock is the center bolt, not the flange bolts. Attachment points were changed also.

Findings of Appeal Committee: The method of shock attachment may not be within the original intent of the Street Prepared shock rules. However, the committee also finds that the manner in which the competitors have interpreted the rule is reasonable. Therefore, the shocks were found to be legal. The appeal was disallowed, the decision of the Protest Committee stands.

Note: The Solo Events Board is expected to address the clarity of this rule before the start of the 2003 competition season. Competitors are urged to not make shock selection or modifications based upon this decision.

Guy Ankeny, BSP 147 protesting Bob Tunnell/Steven Volpp, BSP 198/98.

Protested items: violation of 13.5.A.B, 14.5.C of the Solo II Rules, specifically the rear shocks are not attached to the original mounting points. The original parts removed and replaced with non-original equipment. The system of attachment and attachment points have been altered. The upper mount has been removed and replaced.

Findings of Protest Committee: The car is legal, but the Protest Committee asks that more clear language be adopted in 14.5 on this issue. Protest Disallowed. Protest fee returned.

Guy Ankeny appealed the Protest Committee decision for section 13.5. A.B. and 14.5.C weren't interpreted correctly. Mounting points for the shock is the center bolt not bolts for flange. Attachment points were changed.

Finding of Appeal Committee: The method of shock attachment may not be within the original intent of the Street Prepared shock rules. However, the committee also finds that the manner in which the competitors have interpreted the rule is reasonable. Therefore, the shocks were found to be legal. The appeal was disallowed, the decision of the Protest Committee stands.

Note: The Solo Events Board is expected to address the clarity of this rule before the start of the 2003 competition season. Competitors are urged to not make shock selection or modifications based upon this decision.

Mark Madarash/Casey Weiss, ESP 191/91 protesting Tom Berry/Steve Eguina, ESP 86/186.

Protested Items: violation of 14.1.B and 13.8 of the Solo II Rules, specifically referring to paragraph two of 13.8; "Both the front and rear suspension may be adjusted through their designed range of adjustment… et.al.". This carries to 14.1.B; "Any modification not specifically authorized by the Stock Category or Street Prepared rules is prohibited". Specifically, on the front crossmember lower-

control-arm horizontal mounting point has been slotted/drilled/ground/lengthened/opened... beyond factory spec and/or allowances.

Findings of Protest Committee: vehicle measured. Slotting of lower control arm and additional brace found illegal. Competitors disqualified. Protest Upheld. Protest fee returned.

Tom Berry/Steve Eguina appealed the Protest Committee decision to demonstrate that the cross member had not been slotted and that the car's frame was within factory specification and that with a new factory crossmember in place, we duplicated our prior alignment numbers. It has been our intent not to only comply with the letter of the rules, but the spirit of the Solo II rules and to demonstrate that we wish to resolve this matter fairly.

Findings of the Appeal Committee: The modification of the front lower control arm was contrary to the rules. Based upon documentation provided the committee overturns the Protest Committee's finding that a suspension brace on the left front was illegal. The documentation provided showed the brace to be a factory part. The original penalty by the Protest Committee of the disqualification stands. Appeal fee retained.

Note: The SEB does not believe there was any intent to circumvent the rules, but rather that the modification was the result of body shop collision repair and/or wear. Competitors are reminded that they are responsible for repairs made by others.

Henry Botkin/Coner Botkin, ESP 92/192 protesting Casey Weiss/Mark Madarash, ESP 91/191.

Protested items: violation of Solo II Rules 1.G, Supp. Regs. D.2, specifically stating that "drivers are to position their cars in grid A or grid B at least 30 minutes prior to the beginning of their heat". This car was positioned in grid less than 10 minutes before the beginning of the heat and the tires were noticeably warm.

Findings of Protest Committee: written reprimand as other drivers were given. Protest upheld. Fee retained.

Bill Gutierrez/Tye Jackson, ESP 96/196 protesting Conor Botkin/Henry Botkin, ESP 92/192.

Protested items: violation of 13.8/14.1.B of the Solo II Rules, specifically referring to paragraph two of 13.8' "Both the front and rear suspension may be adjusted through their designed range of adjustment... et.al." This carries to 14.a.B; "Any modification not specifically authorized by the Stock Category or Street Prepared rules is prohibited". Specifically, on the front cross member lower-control-arm horizontal-mounting point has been slotted/drilled/ground/lengthened/opened... beyond factory specs and or allowances.

Finding of Protest Committee: Protested competitor stipulates that the car has been modified beyond the rules. Protest Upheld. Competitors disqualified. Protest fee returned.

Abe Potter, FSP 70 protesting Tommy Regan/Richard Windberg, FSP 45/145.

Protested items: violation of Solo II rules, specifically 14.1.C – cylinder head (hydraulic) not available on any 8V scirocco; 14.10.I – torque suppression device confines movement along more than one axis; 13.10.L – final drive gears no – OEM specifications; 14.2.B – factory side trim removed; 14.1.E – heater system modified, missing controls.

Finding of Protest Committee: Manual missing – Protestee unable to document head, but subsequently stipulates agreement with illegality on information provided. Protest Upheld. Disqualified on head question. Other items withdrawn or reprimand only. Fee returned.

Robin Lumb/Mary Glavan/Janis Hernandes/Karly Chnupa/Christina Libecco, FML protesting timing and scoring.

Protested items: The timing error on the first run is evident and was in fact commented on by the announcer "there are timing issues". This is for #75, #89, and #94. We were told at the beginning of run 2 that if the error was evident through faster runs on run 2 and 3, run 1 would be thrown out and a fourth run given for the entire class. The entire class feels that a fourth run is justified.

Finding of Protest Committee: the Chief Steward made Decision for no re-runs. No material affect on results. Protest Disallowed. Protest fee returned.

Doug Gill, Chief of Impound protesting Eric Heller, FM.

Protested items: violation of A.4 of the Solo II rules, specifically the car is underweight. Car should weigh 800 pounds. The car weighed 798 pounds.

Finding of Protest Committee: Car is underweight for this one driver for this one run as his only run in this car. Protest Upheld. A two-second penalty on this one run is to be accessed.

Clint McMahan, FM 134 protesting Eddie Hernandez FM 98.

Protested items: violation of FCS, E.2 specifically overall width – maximum 55 inches.

Finding of Protest Committee: Car measured and found to be 54 9/16 inches at widest point (rear axle). Car legal. Protest Disallowed. Protest fee retained.

Clint McMahan, FM 134 protesting John Whitling FM 95.

Protested items: violation of FCS E.15.B specifically maximum exhaust length behind the rear axle centerline is twenty-four inches.

Finding of Protest Committee: Exhaust found to extend 26 5/8 inches behind centerline of ear axle. Car found illegal. Protest upheld. Car disqualified. Protest fee returned.

Chris Eckles, FM 34 protesting Stuart Phipps, FM 62.

Protested items: violation of FCS E.15.B, specifically maximum exhaust length behind reactor centerline is twenty-four inches.

Finding of Protest Committee: Exhaust found to extend 26 23/32 inches behind centerline of rear axle. Car found illegal. Protest Upheld. Car to be disqualified. Protest fee returned.

Stuart Phipps appealed the Protest Committee decision asking for penalty to be overturned – no penalty. Not a performance enhancement – balance weigh, restricted exhaust flow, muffler, optimal equipment requested by local regions for sound, exceeds 24" but no expansion chamber. Pipe was utilized as supplied by manufacturer as specified for SCCA (AAEN). May be safety rule from road race, not a performance rule. Can be altered for Wednesday competition. Protest Committee said, "we hope this will be overturned – we strongly recommend appealing". Same exhaust can be packaged within 24-inch limit.

Findings of Appeal Committee: Penalty revised to 10 seconds added to all times. Must fix for Wednesday competition. Appeal fee retained.
