Hoosier Super Tour Races

The event was held at Watkins Glen International, with all sessions run on the "long" 3.4 mile course. The event occurred on June 3rd to 5th of 2022. The weekend consisted of seven (7) race groups. The races used a sanction number of 22-ST-57192.

On Friday morning, each race group had a 20 minute practice session. In the afternoon, each group had a 25 minute qualifying session. Of these sessions, group 5 and 7 had their sessions shortened due to on-track clean-up. On Saturday morning, each race group had another 20 minute qualifying session. Group 5 had their session shortened. Following qualifying, each group was scheduled to have a 25 minute race. The race grid was based on a merge of both qualifying results. Group 1 ran before lunch, but the race did not run the full length due to an on-track incident. Group 2 had a clean-up that included tire wall repair, and that took an extended amount of time to correct. Each of the following race groups had their races shortened to 20 minutes. Group 5 had a further condensed race due to an on-track incident. On Sunday, each race group had a 35 minute or 14 lap race (whichever was reached first) that was based on a merge of the fastest lap from of both qualifying sessions and the race 1 fastest lap. Group 1 had their session shortened with a clock stoppage in the race as well. Group 7 had a clock stoppage in the session due to an on-track incident.

The timing and scoring group was staffed with 9 all weekend. We battled some technology issues with the event being the first with new equipment (decoders and laptops). We still managed to produce and distribute results, but we have work to do before our regional in a few weeks. The timing and scoring crew did a great job, and I look forward to our next chance to work together.
