Interviewed Rob Krider who verified Protestor party DNF'd in same location on first and 3rd runs. Given eye-witness account (twice) and lack of refuting evidence provided by Protestor, protest is disallowed. Krider was emphatic in his recollection and described the DNF using the course map. Given the unique course layout, and generated more than average DNFs amongst all competitors, best practices for course design should be employed by Region in the future.

Discrepancy between number written on ground and on map created by re-numbering Friday night. Course captain recorded original cone number on corner sheet – no other evidence presented cone that was originally numbered 206 was not hit. Reasonable mistake by corner workers to use original cone number.
