- Talked with shirts101 about changing types of clothing offered. Maybe more hoodies, beanies, etc.
- Will attempt to get national office help with timing

6. Committee Reports:

- **RallyCross Safety Committee (Nagel)**

  - We are having challenges approving new and/or renewing safety stewards due to the lack of divisional steward participation. What has been done in the past is that if there is a current RXB member in that division, they can sign off or the RXB chairman would sign off. That may be something we need to add to the ops manual along with the RXB divisional steward liaison being able to sign off.

- **SxS Committee (Nagel/Parsons/Singh)**

- Lots of great meetings with the committee.
- A revised ruleset was sent to the RXB to discuss. Additional documentation for the committee to work on includes a tech inspection video, tech inspection form to fill out and regional support information to have regions with new UTV classes be more comfortable with the entire process.
- The committee's recommendation is to have UTV's at nationals this year with the caveat that competitors have competed in at least three rallycrosses in the UTV class in addition to adopting the new ruleset.
- Rules should be put out for public comment and a town hall scheduled specifically for a UTV discussion.
- The UTV class will continue to be a supplemental class which will not make it mandatory for all regions to have UTV's since some are uncomfortable with them yet.

• Rules Committee (Retterer)

- We have received 7 questions in the last month. We are closing discussion on them tonight and will get responses out by the end of the week. Topics included: body on frame swaps, durability mods in stock, prepared bushings, trim level swaps, bump stops, and hard tops. There were no major issues, but it looks like we could make a couple of small clarifications for the 2025 rules.

• RallyCross+ Committee (Veatch)

- Nothing to Report.

• National Competition Committee (San Miguel)

- The Fresno, California Tour will be called the "Grand Pacific National Tour".
- The West Virginia Tour will be called the "Country Roads National Tour".

• Divisional Steward Liaison (Singh)

- Need to rebuild the program since so many current stewards are not responding to emails.

- Sanction reports will be going out to stewards.

• **Communications Committee (Myers)**

- Article on convertibles and the new rules.
- Article on budget builds.
- Article on tours.

• **Spec Class (Parsons)**

- Considering a new vehicle. Will need to discuss with Heyward.
- Need more direction on what is wanted for the class.

7. Old business:

- Nothing to Report.

8. New Business:

- TripleCross ’23 trophies will be given out. The reason these were missed is because the TripleCross was taken away when tours went away for a couple of years but nothing was officially announced and there were a lot of changes going on with the RXB. The awards will continue in 2024.

9. Motion to adjourn: 7:41 MST
